# Cuvée Balthazar Syrah presses releases

## Purple Pages

Writer Jancis Robinson

Date Oct-08

Quote Very dark. You can taste the schist! Soft and rich and very manipulated but it delivers. Super ripe Syrah. Very flattering Brambles and sweetness. Good example of what can be done...

## The Wine Gang

Writer The Wine Gang

Date Feb-09

Quote From winemaker and negociant Pierrick Harang, this is aromatic Syrah with a touch of the northern Rhone's pepper and something sumptuous and juicy about the blackberry fruit quality on display which, with its spicy undertones and lack of oak, is all about the expression of southern French fruit at its best. It is not impossible to dislike this screw capped wine, but it would be hard.

## The Observer (Magazine)

Writer Katherine Rose

Date Mar-09

Quote If you like Crozes-Hermitage, you'll love this slightly cheaper alternative. Smoky, spicy and complex with lovely blackberry fruit.

## The Independent

Writer Anthony Rose

Date Feb-09

Quote Pierrick Harang's aromatic Syrah has spicy under stones with a touch of the northern Rhone's pepper and juicy blackberry quality, that's adds up southern French fruit at its sumptuous best.

## Decanter

Writer Tim Atkins

Date 23rd January -09

Quote This is the best Syrah I've had yet from the Pays d'Oc, made in a peppery, savoury, northern-Rhône style with lots of understated pepper spice, no oak and fine-grained tannins
